the safety of our
community

THE CITY OF SAN DIEGO IS BUILDING A 700 BED HOMELESS ENCAMPMENT ON THE EAST SIDE OF LIBERTY STATION

Help us relocate this proposed encampment, and tell our city officials we will fight to PROTECT OUR COMMUNITY!

SIGN THE PETITION

ALTERS POINT LOMA

Liberty Station is a premier destination for San Diegans, as well as tourists from around the world. Introducing 700 homeless into the Point Loma community would fundamentally alter the parks, hotels, retail shops, and overall community experience.

NO ADDITIONAL SAFETY

The Mayor's office recently verified that there are no additional safety or security measures for the community included in this plan. Adding 700 homeless individuals to the Point Loma area without added security or daytime facilities to address these individuals' needs is reckless!

ADJACENT TO 9 SCHOOLS

The proposed shelter is irresponsibly close to NINE K-12 schools, pre-schools, and children's educational centers within Liberty Station. A shelter of this magnitude will daily expose our children to drug paraphernalia and other challenges among the homeless.
